Editorial Index

Volume 135 1996

Editor's note: This index includes editorial material from the January 1996 through December 1996 issues of TRUSTS & ESTATES.

Each feature article and guest column is indexed three ways: under an author subject heading, under an article subject heading, and by subject. The magazine's columnists are indexed under the title of the specific columns, as well as under the author heading. Each entry is followed by the month of issue and the page number of the issue in which the material was published.

Major subject headings are printed in small capital letters. For quick reference to an author, check the Author subject heading.
